

ZINEB LEGHNIDER

AWS CLOUD ENGINEER

PERSONAL PROFILE

A highly dynamic and driven graduate with BSc Psychology degree from the University of Warwick. Currently working toward achieving the AWS Cloud Practitioner Certification, undergoing an AWS re/Start programme. Always taking a dedicated and resilient approach toward any task faced, or challenge presented with. An excellent collaborator who naturally finds themselves in a leadership position. Keen to delve into a career in DevOps, applying both practical experience and strong academic background to tackle the process of developing and deploying effective cloud solutions.

INTERESTS

- Internet of Things, Artificial Intelligence and Machine Learning
- Human-Computer Interaction, specifically UX/UI design
- Health, fitness and wellbeing, particularly powerlifting
- Traveling and experiencing different cultures
